In June 2003 he was promoted to MCpl and posted to BFC Bagotville. His absence from Valcartier was short lived. In July 2005 he returned to Valcartier to join 5 RALC. While there he was selected to participate in a maintenance course for the new M777C1 howitzer given by the US Marine Technical School at Aberdeen proving grounds in Maryland.

He was deployed to Afghanistan from August 2007 to February 2008 and in June he was promoted to Sgt and sent to 3 R22ER. He remained there for three years until he was promoted to WO in June 2011 and was sent back to 5 RALC to fill the position of Control Officer. In 2013 WO Delpy's knowledge of the guns got him posted to Ottawa as DASPM 3 SME for the M777C1.

Stephane would like to take this opportunity to thank all members of the Corps of RCEME for the many memories. He would also like to thank all the mentors and friends who guided and supported him for the past 28 plus years. He has chosen to leave the CAF quietly and will not be having a DWD luncheon. Stephane will be staying in the Ottawa area where he has taken an employment opportunity in support of DGLEPM DASPM. Messages of congratulations can be sent to MWO Davies at STEVE.DAVIES@forces.gc.ca.
