Arte et Marte

As MWO LeBlanc entered the CAF quietly some 28+ years ago, his wish is to leave just as quietly. In keeping with these wishes, there will be no official DWD ceremony. Although in reality, one is their own "Career Manager", without strong subordinates, one can never truly be successful. MWO LeBlanc would like to pass on his gratitude to all those he has had the pleasure of working with during his career for he feels he owes his success to their combined dedication and success.

MWO LeBlanc and his wife Leanne will be retiring in Western Manitoba where, although not truly retiring, he plans on slowing down considerably, and spending much more time on the local range. Congratulatory messages can be sent to MWO Sean Davis @ <u>SEAN.DAVIS3@forces.gc.ca</u>.
