After completing just shy of 29 years in the CAF as a Weapons Technician (Land), WO Scott Snow will be retiring on 24th April 2018.

WO Snow joined the CAF on 14 Sept 1989 in St. John's NF. After completing Basic Recruit Training at CFB Cornwallis, he was sent to CFB Wainwright Alberta to PPCLI Battle School in January 1990. Upon completion of Battle school he was off to 2 VP Winnipeg. After only 3 weeks in Winnipeg and the 2nd Battalion being deployed in Cyprus they were in need of some new blood so he was headed to Cyprus on his first tour of duty. During the next 10 years, Scott deployed on 3 tours: 1993 to Croatia, 1995 to Bosnia and again in 1997. He deployed to the Ice Storm in Quebec and the Forest fires in BC and the floods in Manitoba. In 1999 he finally realized his calling to the RC EME Branch and took a transfer to Weapons Tech Land. He packed his gear and headed to CFB Borden for 10 months at the RC EME School to start his QL 3 training. In May 2000 he was posted to 1 Svc Bn Edmonton for OJT and eventually a posting to 1 PPCLI. Shortly after that he was sent on his QL 5 back to Borden and the School. Upon completion of his journeymen he was needed to go back to 2 VP. They were scheduled to get 65 New Lav III's and they needed a gun plumber to get ready to deploy to Bosnia yet once again with the Coyotes and LAVs.
