

RCEME GEMRC

RETIREMENT MESSAGE – CPL BOUCHARD-LAJOIE

After more than 8 years of service to the RCEME Corps and CAF, Cpl Bouchard-Lajoie will retire on August 1, 2018.

Cpl Bouchard-Lajoie joined the CAF on the November 10th, 2010. Upon completing his Basic Military Qualification course at St-Jean-sur-Richelieu, Québec, Cpl Bouchard-Lajoie made his way to Kingston, Ontario, in order to complete his Performance Orientated Electronics Training course. Afterwards it was on to Borden, Ontario, for his EO Tech trade courses, the last of which he completed in the fall of 2015 thereby becoming a fully qualified trade technician. A posting to Maint coy, 5 Svc Bn, soon followed, whereby he served as an EO technician in both the optronics and electronics detachments of the EO section. Respected by his peers, Cpl Bouchard-Lajoie was a great asset to the EO trade and the skills and qualifications obtained throughout his career will undoubtedly serve him well in his future endeavours.

He chosen to have a luncheon in the intimacy with his section and his friends.
