

RCEME GEMRC

Cpl Milton Cruz-Vasquez
Véhicule Technician

After 6 plus years of distinguished service in the Canadian armed forces (CAF) all within the Royal Canadian Electrical and Mechanical Engineering (RCEME) Corps, Cpl Milton Cruz-Vasquez will retire on January 19th, 2019.

He grew up in the beautiful city of Montreal, QC, he joined the CAF as a vehicle technician on April 5th, 2012 and proceeded directly to basic training in St-Jean-sur-Richelieu. He completed his basic training in July 2012 and then went on to follow his regimental and trade courses at CFB Borden. Once all his initial training was completed he was then posted to 5th Service Battalion at CFB Valcartier from April 2nd, 2014 to June 15th, 2015. Then, he was posted to 202WD in Montreal in June 2015 to operational support Pl. During his time within the CAF he has completed many fun courses such as his winter warfare and the Leopard OSQ courses. He volunteered for many tasking's while at 202WD which he took part in, one was the Reactive armoring project which took place in Suffield, Alberta for a 4 weeks.

Milton will be staying in the greater Montreal area with his family and upon his retirement from the CAF he will continue to work within 202WD as a civilian mechanic in TLAV section.

There will be a depart with dignity ceremony on Thursday January 17th, 2019 at la Cage aux Sports at place Versailles, Montreal at 12:00. Congratulatory messages and anecdotes can be sent to MCpl Lo Dico at mark.lodico@forces.gc.ca.
